BREAKING NEWS

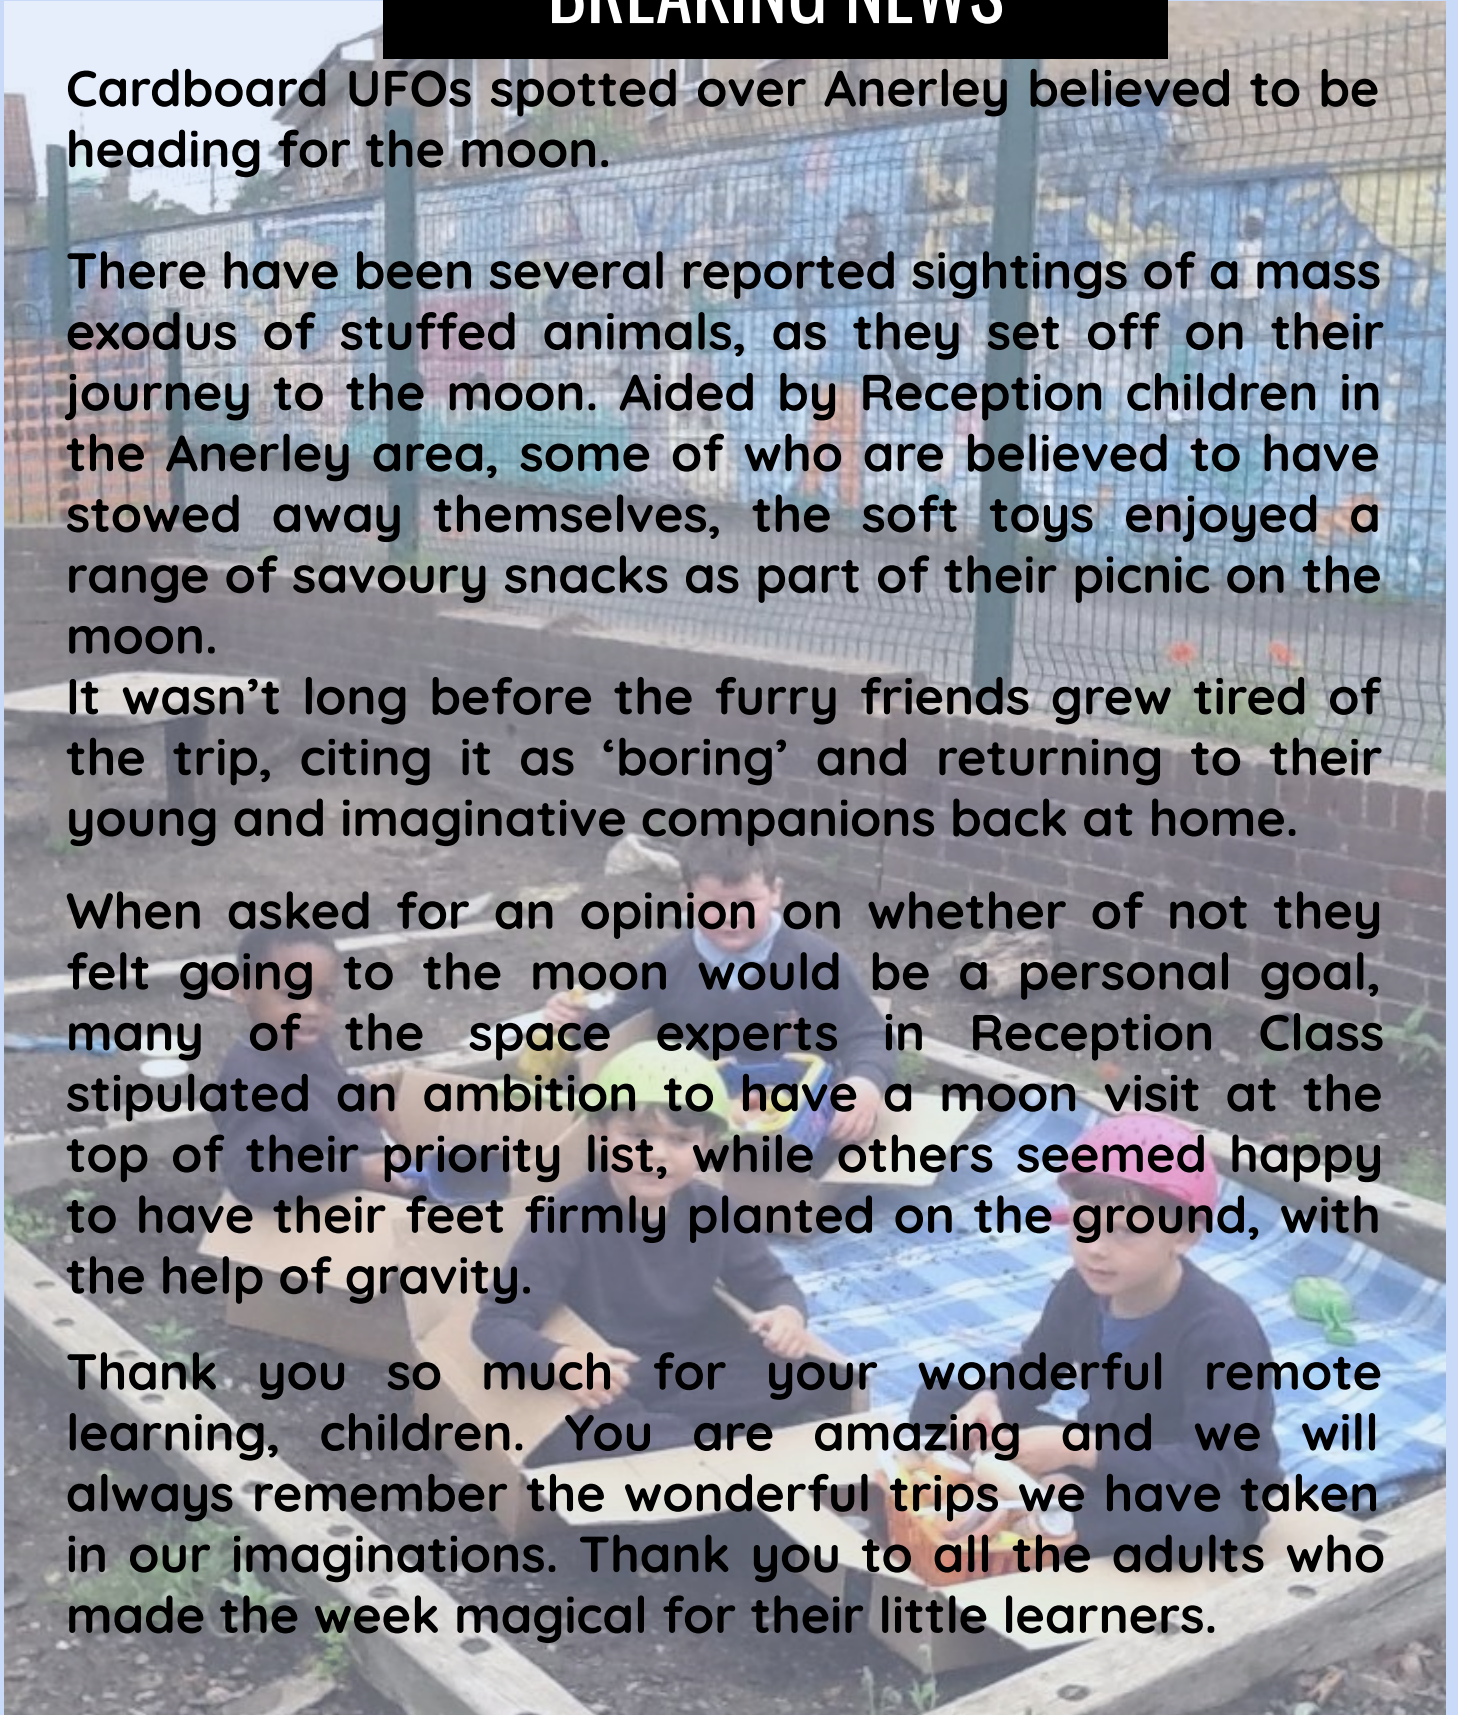

Cardboard UFOs spotted over Anerley believed to be heading for the moon.

There have been several reported sightings of a mass exodus of stuffed animals, as they set off on their journey to the moon. Aided by Reception children in the Anerley area, some of who are believed to have stowed away themselves, the soft toys enjoyed a range of savoury snacks as part of their picnic on the moon.

It wasn't long before the furry friends grew tired of the trip, citing it as 'boring' and returning to their young and imaginative companions back at home.

When asked for an opinion on whether or not they felt going to the moon would be a personal goal, many of the space experts in Reception Class stipulated an ambition to have a moon visit at the top of their priority list, while others seemed happy to have their feet firmly planted on the ground, with the help of gravity.

Thank you so much for your wonderful remote learning, children. You are amazing and we will always remember the wonderful trips we have taken in our imaginations. Thank you to all the adults who made the week magical for their little learners.

Remote Learning

What an amazing week of learning! We have been very proud of your motivation to keep on learning at home!!

Maths in Reception

We showed off our knowledge of the number 19 while learning at home. This week we have been learning all about the number 20. We wonder what number will come next!

Will you help us think about all of the groups that we can use to make 20? We especially want to have a go at sharing and subtracting.
