

Learn to code with Code Camp afterschool!

Little Coders *Years 1 and 2*

Our incredibly popular Little Coders after-school club is designed for our youngest coders who want to learn the basic principles of coding in a fun, practical and exciting way. Building on the KS1 computing curriculum, students will learn about simple algorithms, loops, variables, animation, level design and more through coding their own simple games. Not to be missed!

Coding *Years 3 - 6*

Calling all budding game designers! Our highly-rated Coding after-school club allows older children to create and publish their own unique games using our custom platform, Code Camp World. We have made Code Camp World as accessible as possible, meaning that children can focus on the fun aspects of coding whilst developing problem-solving and creativity skills.

**Get creative using design, coding and logic
to code your own game!**
