Learning

Year 2 visited The National Maritime Museum today. To mark the end of their topic of Pirates, they had the opportunity to meet a Pirate and question her about her life. Lots of fun was had in the Ahoy! Gallery where the children dressed up as pirates and set sail on the seven seas.

Pupil Principles

Becoming a Pupil Principle was a hard yet fun experience. When we were on the stage I had a tummy ache but when I had finished my speech I felt a sense of relief. Since then I have not regretted it. My responsibilities are to ring the bell after playtime, set a good example for everyone and present achievement assembly to name but a few. My journey started when I got elected to the School Council in Year 5 and since then I have wanted to be a Pupil Principle.

How did we become Pupil Principles?

The journey to becoming a Pupil Principle was challenging but fun. When I stood up on the stage I had butterflies but when I finished my speech I was so glad I did it. The roles and responsibilities that come with this job are great, such as, ringing the bell at playtime, presenting achievement assembly and being a good role model to younger children. Becoming a Pupil Principle has been a dream ever since I started at James Dixon. It means a lot to me and I hope that I help as many people as possible.

Building Digital Resilience

Technology can be a wonderful thing but too much time sitting down or using mobile devices can get in the way of important, healthy activities. Here are some tips for balancing screen use with healthy living.

Sleep matters

Getting enough, good quality sleep is very important. Leave phones outside the bedroom when it is bedtime.

Safety when out and about

Advise children to put their screens away while crossing the road or doing an activity that needs their full attention.

Family time together

Screen-free meal times are a good idea – you can enjoy face-to-face conversation, with adults giving their full attention to children.

Diwali

Diwali is a five-day festival which celebrates the victory of light over darkness. Hindus across the world are currently celebrating Diwali. The five-day festival of lights is one of the most popular holidays in India, with Thursday being the main day of festivities, when the faithful pray to the Hindu goddess of wealth.

Happy Diwali to everyone in our school community who celebrates this special occasion.
