

This term's theme is...

Space

Our Creative Curriculum

As **confident individuals** will continue to settle into Preschool and gain more confidence in expressing our needs and interests. We will continue to approach others to play and take part in adult led activities. We will gain independence in our self-care by putting on our coats. As **successful learners** we will develop our speaking and listening skills through listening to stories, singing songs, playing with our friends and engaging with the adults in Preschool.

As **active learners** we will listen to different stories and information books about space. We will act out the story Whatever Next and pretend to go to the moon. We will play games to help us hear the rhythm and rhyme in words and begin to make marks and tell adults what they say. We will learn to recognise different shapes and continue to explore numbers from 1 to 5.

As **creative explorers** we will use different shapes to create aliens or spaceships. We will use clay to make a Diya lamp and tools to decorate them.

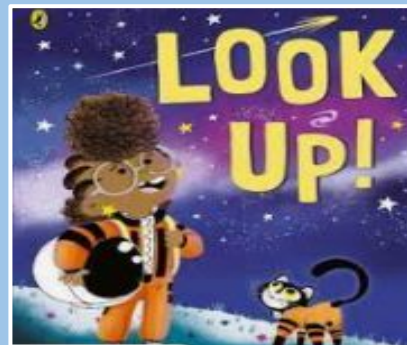

Global Citizens

Our **Jigsaw** theme for this term will be celebrating difference. We will learn to be proud of what we are good at and understand that we are all special. We will also compare different houses to understand that they can be similar and different.

As **global citizens** will learn about the Hindu festival of Diwali, bonfire night and the Christian festival of Christmas.

We will be reading...

LoTc and WOW days

As part of our Outdoor Learning we will be continuing with our Forest School sessions.

We plan to have a space dress up day.
