

This terms theme is...

Growing

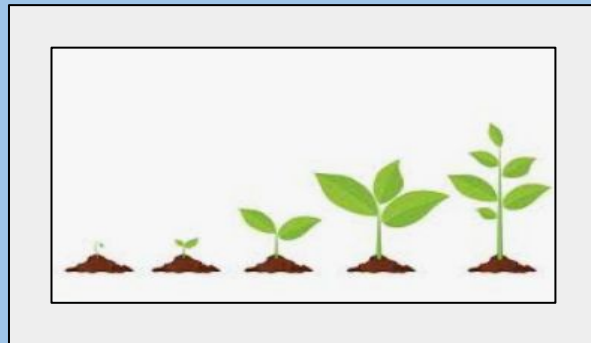

Our Creative Curriculum

As **confident individuals** we will continue to visit the Reception Classroom to help with our transition in September. We will be encouraged to negotiate social situations independently.

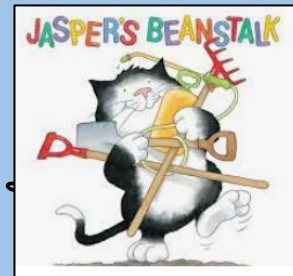

As **successful learners** we will develop our speaking and listening skills through listening to stories, singing songs, playing with our friends and engaging with the adults in Preschool.

As **active learners** we will listen to stories and information books about growing. We will continue to hear letter sounds and practice writing our names. We will continue to explore numbers 0-10, shapes, patterns, positional language and comparing measures.

As **creative explorers** we will explore the different parts of plants and watch them grow from seed to plant. We will talk about how we have grown, from a baby to a child about to start school. We will celebrate our achievements over the year.

We will be

Global Citizens

Our **Jigsaw** theme for this term will be changing me. We will talk about our bodies and how the different parts help us. We will discuss how we need to respect ourselves to keep healthy. We will also talk about how plants change and grow before thinking about how we grow. Finally we will talk about what we have enjoyed in Preschool and any fears we have for moving into Reception.

LOtC and WOW days

As part of our Outdoor Learning we will be complete our Forest School sessions.

We aim to go on a trip to Crystal Palace park.
